

Declaration of compliance with the EU taxonomy's DNSH criteria
for the prevention and control of pollution, appendix C

Requirements for used chemicals in the EU taxonomy:

All building components and materials used in sustainable construction and renovation projects must comply with (EU) 2020/852 EU taxonomy and delegated regulations. The delegated regulation (EU) 2021/2139 Technical screening criteria describes specific requirements for used chemical products in the 'Do No Significant Harm' criteria under section "7.1 Construction of new buildings" and section "7.2 Renovation of existing buildings". Items 1-11 below repeat these requirements

To document compliance with the EU Taxonomy's requirements for sustainable construction, Danske Byggecentre requires documentation from all suppliers of building components and materials.

This form must be completed and signed by a legally responsible employee at the manufacturer.

The signature confirms that the product, as of today's date, complies with points 1-11 below. If any of the points cannot be met, the declaration cannot be signed. Providing incorrect information may have legal consequences.

By signing, the manufacturer also undertakes to withdraw the supplier's declaration if tests show that the construction product cannot comply with the requirements in points 1 and 2, or if a substance in the construction product is included in one of the lists mentioned in points 3-11.

**Supplier
declaration**

Product – Trade name:	Organic Silent (O.R.C.A technology) with cork
Product category:	Laminate flooring
DB nr. Or EAN nr.:	2360044, 2360046, 2360047, 2360048, 2360049, 2488881, 2488883, 2488884 and 2497187
Manufacturer:	Kronoflooring GMBH
CVR/SE:	HRB 702433
Adress:	Mühlbacher Strasse 1
Town:	01561 Lampertswalde
Country:	Germany

Name (legally responsible):

Hans Christian Dastich
head of laboratory

Position:

E-mail/Tel.no.: 03522 33 9421

2025-03-26

Date (yyyy-mm-dd):

Signature:

Kronoflooring
Mühlbacher Straße 1
01561 Lampertswalde

Confirms that the product meets all requirements listed below	
1.	(EU) 2021/2139, section 7.1 and 7.2, DNSH-criteria Building components and materials used in the construction, that may come into contact with occupiers , emitting less than 0,06 mg of formaldehyde per m ³ of test chamber air upon testing in accordance with the conditions specified in Annex XVII to Regulation (EC) No 1907/2006.
2.	(EU) 2021/2139, section 7.1 and 7.2, DNSH-criteria Building components and materials used in the construction, that may come into contact with occupiers , emitting less than 0,001 mg of other categories 1A and 1B carcinogenic volatile organic compounds per m ³ of test chamber air, upon testing in accordance with CEN/EN 16516 or ISO 16000-3:2011 or other equivalent standardized test conditions and determination methods.
3.	(EU) 2021/2139, Appendix C, pt. a (Persistent organic pollutants (POP)) The product does not contain substances listed in Annex I or II to of Regulation (EU) 2019/1021, except for substances that are present as unintentional trace contaminants.
4.	(EU) 2021/2139, Appendix C, pt. b (Mercury and mercury compounds) The product does not contain mercury and mercury compounds, as defined in Article 2 of Regulation (EU) 2017/852.
5.	(EU) 2021/2139, Appendix C, pt. c (Ozone depleting substances) The product does not contain substances listed in Annexes I or II to Regulation (EC) 1005/2009.
6.	(EU) 2021/2139, Appendix C, pt. d The product does not contain electrical and electronic equipment as per Appendix I of Directive 2011/65/EU (RoHS), which includes substances listed in Annex II of the same directive, unless there is full compliance with Article 4, paragraph 1 of the directive.
7.	(EU) 2021/2139, Appendix C, pt. e (REACH appendix XVII, restriction list) The product does not contain substances listed in appendix XVII of Regulation (EC) No. 1907/2006 (REACH), except where there is full compliance with the requirements specified in the same appendix.
8.	(EU) 2021/2139, Appendix C, pt. f (REACH art. 59, subsection 1, candidate list substances) The product, including individual parts, does not contain substances in concentrations above 0.1% (weight/weight) that are identified in accordance with Article 59, paragraph 1 of Regulation (EU) 1907/2006.
9.	(EU) 2021/2139, Appendix C, pt. f (REACH art. 57 a,b,c, potential candidate list substances) The product, including individual parts, does not contain substances in concentrations above 0.1% (weight/weight) that meet the criteria for classification in one or more of the hazard classes: <ul style="list-style-type: none"> • Carcinogenicity 1A or 1B, as defined in section 3.6 of Annex I to Regulation (EU) 1272/2008 (CLP); • Germ cell mutagenicity 1A or 1B, as defined in section 3.5 of Annex I to Regulation (EU) 1272/2008 (CLP); • Reproductive toxicity 1A or 1B, harmful effects on sexual function and reproduction, or on development, as defined in section 3.7 of Annex I to Regulation (EU) 1272/2008 (CLP).
10.	(EU) 2021/2139, Appendix C, pt. f (REACH art. 57 d,e, potential candidate list substances) The product, including individual parts, does not contain substances in concentrations above 0.1% (weight/weight) that are: <ul style="list-style-type: none"> • Persistent, bio accumulative and toxic (PBT), as per the criteria in Regulation (EU) 1272/2008 (CLP); • Very persistent and very bioaccumulative (vPvB), as per the criteria in Regulation (EU) 1272/2008 (CLP).
11.	(EU) 2021/2139, Appendix C, pt. f (REACH art. 57 f, potential candidate list substances) The product, including individual parts, does not contain substances in concentrations above 0.1% (weight/weight) of <ul style="list-style-type: none"> • Hormone-disrupting substances, as per the criteria in Regulation (EU) 1272/2008 (CLP).
